Rear Differential (for quattro)	Sport rear differential	Combined **	16 mpg MPGe
Steering		Fuel (gal) ***	19.3
Type	Dynamic all-wheel steering	Recommended fuel	Premium
Ratio	15.9:1		

Further information

* Top track speed electronically limited in the U.S. Always obey speed and traffic laws.

** EPA estimates. Your mileage and emissions will vary and depend on several factors, including your driving habits and vehicle condition. See www.fueleconomy.gov for details.

*** Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter.
